

MDO compared to VC  
By some measures bigger

	Micro Enterprise Development Organizations (MDO)	Venture Capitalists
<b>Number of Organizations</b>	696	492
<b>Businesses Assisted</b>	221,000	2,749
<b>Money Invested</b>	\$90 million=loan volume; \$500 million=approx. budgets of MDOs*	\$22 billion VC invested
<b>GDP Receipts / Percentage GDP</b>	\$2.4 trillion / 17%	\$3.1 trillion / 21%
<b>Employment</b>	33 million	11.87 million
<b>Investment per job</b>	\$18	\$1,833

\*This is an estimate. The average budget of California's MDO's was \$581,000 in 2010. Multiple that by 700 and round up and you are at \$500 million. This is a very optimistic view of MDO budgets.
